Welcome to our  
**2024 Annual Production Sale**

We want to welcome everyone to our 36th Annual Production Sale on February 16, 2024 at 1 p.m. here at the ranch. We sincerely appreciate our customers over the years that have supported this program and have helped to make it what it is today.

Our plan is to continue to offer quality and a guarantee that is second to none. That you, in the livestock industry, will continue to want to add more Rees Brothers genetics into your program.

The cattle market has been strong, and we have all been grateful for now and the times of prosperity that lie ahead. Optimism has never been higher, and cattle numbers haven't been this low since the 1960s. Anyone in this industry knows how much blood, sweat and tears goes into raising cattle. From the sleepless nights you spend calving them to the time you get that calf contract and on a truck is endless work. We commend those that continue to do this year after year. We only hope that we can continue to set the example for the next generation to follow in our footsteps and keep these ranches alive.

Here at Rees Brothers, we believe that these cattle will hold up in any condition or environment while still performing and excelling in fertility and soundness. These cattle are not creep fed. We do not believe in pushing these cattle hard to grow to make them appear like something they are not. The cattle are ranged at pastures that go up 9,000 ft in elevation. After weaning these calves are placed on a healthy maintenance growing ration until sale day. Sound feet and legs are a must have here. The cattle are culled without discretion when it comes to this. These bulls need to be able to travel and perform to ensure that your cows come home with calf.

We have sought after and purchased some of the best and most up-to-date genetics that the industry has to offer. We do this to ensure that these cattle are sound, easy doing and hold up in any conditions.

We hope that the quality, affordability and guarantee of these bulls will exceed your expectations. Bulls are available for viewing here at the ranch at any time prior to the sale and videos of the bulls can be found online at [Reescattle.com](http://Reescattle.com).

Please join us here at the ranch for this upcoming sale and see for yourself the quality that we have to offer.

The Sale will also be available for viewing and bidding online through The Livestock Link.

Thanks,  
**Rees Brothers**
